# Content tailored for you

The professional world is changing rapidly, and we want to make sure the videos and insights we share with you reflect that.

Over the last few months, we've been featuring thought leadership around trending topics such as hybrid work. In that vein, we'll be turning the [Big Ideas campaign](#) we launched at the end of 2020 into a recurring series highlighting trending topics and the "big ideas" that we think will help inform, educate, and inspire you in both your physical and home offices — **but we need your help.**

What topics would you like to learn more about? Let us know in the 1-minute survey below.

Thank you so much for being a Prezi user, and we look forward to hearing from you!
